

# PERFORATIONS

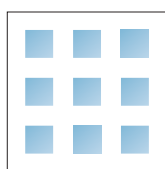

## Perforation patterns for 600x600 formats

Following perforation patterns are available on the 600x600 mm product range. Please remember that some of the products are only available with certain perforation types; the availability is indicated on the product sites.

**G1**  
**Q1**  
**M1**  
**T1**

Standard perforation

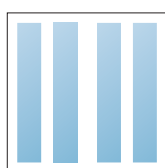

**G3F**  
**Q3F**  
**M3F**

Special perforation

**G2L**  
**Q2L**  
**M2L**  
**T2L**

Special perforation

**G4L**  
**Q4L**  
**M4L**  
**T4L**

Special perforation

**G2T**  
**Q2T**  
**M2T**  
**T2T**

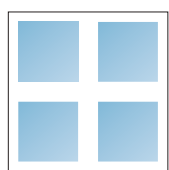

Special perforation

**G4T**  
**Q4T**  
**M4T**  
**T4T**

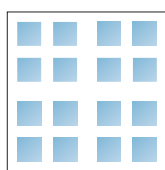

Special perforation

NOTE: Contur and Danopanel are supported on two sides which is why the direction of the Tangent perforation for T2T and T4T patterns is defined by the direction the tile.

**G2F**  
**Q2F**  
**M2F**

Special perforation

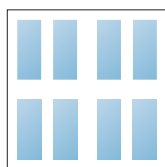

**G4F**  
**Q4F**

Special perforation

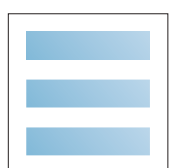

**G3L**  
**Q3L**  
**M3L**  
**T3L**

Special perforation

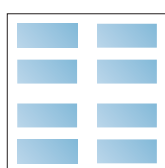

**G4L2**  
**Q4L2**  
**M4L2**  
**T4L2**

Special perforation

**G3T**  
**Q3T**  
**M3T**  
**T3T**

Special perforation

**G4T2**  
**Q4T2**  
**M4T2**  
**T4T2**

Special perforation

NOTE: Contur and Danopanel are supported on two sides which is why the direction of the Tangent perforation for T3T and T4T2 patterns is defined by the direction the tile.
